

Enrolment

We believe that parents and students have the right to know exactly what is offered at Kedron in terms of curriculum, extra-curricular activities, pastoral care and school tone and what is expected of students, in terms of work ethic, conduct and personal presentation. Only when parents have a clear understanding of these offerings and expectations can they make an informed choice for the secondary education of their child.

To ensure this happens, all enrolments at Kedron High are done through an ENROLMENT INTERVIEW.

To enrol a student at Kedron High, a parent/guardian should ring the school office on 3630 3333 to book an appointment for an Enrolment Interview. Both student and parent/guardian should attend the interview.

The student's latest school report should be brought to the interview.
