# **IT Department: Windows Intune Installation**

# Getting your BYO device ready for school: Intune

## Windows 11 version

Intune is a secure mobile management system that allows you to use school Wi-Fi, emails, learning applications and websites on personal devices.

Before you start, **<u>students will need their email address and password</u></u>. If you do not have this information, you will not be able to successfully complete the installation.** 

## How to install Intune

#### Step 1 Install Intune

a. Connect to the internet and select the Windows icon at the bottom of your screen

Kedron State High School Traditional Academic Disciplined Diverse

#### b. Select the Settings icon

#### c. Select Accounts

d. Select **Access work or school**. If your account is already listed, select it and then select **Disconnect**. Then select **Connect**.

## **IT Department: Windows Intune Installation**

e. Enter your school @eq.edu.au email address and select Next.

#### Set up a work or school account

You'll get access to resources like email, apps, and the network. Connecting means your work or school might control some things on this device, such as which settings you can change. For specific info about this, ask them.
