IT Department: Windows Intune Installation

Getting your BYO device ready for school: Intune

Windows version

Intune is a secure mobile management system that allows you to use school Wi-Fi, emails, learning applications and websites on personal devices.

Before you start, **<u>students will need their email address and password</u></u>. If you do not have this information, you will not be able to successfully complete the installation.**

How to install Intune

Step 1

Connect the laptop to the internet (any internet connection will work – at home or at school. At school, we recommend connecting to iDET)

Step 2

Click either the Windows icon or the Search icon (magnifying glass) at the bottom-left corner of your screen and type the word "Access"

Kedron State High School

Step 3

Click Access work or school

Step 4

If your account is already listed, select it and then select Disconnect.

Then click Connect

Access work or school	flast1@eq.edu.au		

Step 10

Restart your device.

Step 11

Settings will differ for some users and you may be prompted to change your password. If you are, please do so.

When your device has restarted, the Intune set up is completed. It may take up to 15 minutes to finish installing. You can use your device in the meantime but please keep it connected to the internet.
