1. Principal welcome

Principal's Welcome

Mr Shane Kiss

Welcome to Kedron State High School

Welcome to our warm and collaborative school community. At Kedron SHS we believe in optimising wellbeing and learning, whilst driving the constant pursuit of academic excellence. We do this by providing a safe, supportive, inclusive and enriching learning environment, where all students are constantly surrounded by possibility and opportunity.

Our school culture is driven by our motto "To Strive is to Shine" which compels all students and staff to do their best in all school endeavours. We inspire and encourage students to Strive to meet challenges and follow their passions with the same levels of determination, resilience and effort each and every day. With this learning, students are also taught to Shine with dignity and humility through their actions and demonstrate the honourable qualities of being honest, trustworthy, fair, compassionate and decent human beings.

Collectively, our aim is for all students to become the best versions of themselves in both their learning and their own personal development, and, in doing so, play their part to embody our 'Kedron Way'. The Kedron Way is that 'special' feeling that grabs you when you enter our school gates. It is at the heart of how all members of the school community strive to work together in a harmonious, calm, caring and productive manner each and every day, with the aim of individually, and collectively making our school better. Our past students, parents and staff talk with passion about their school and the opportunities and support we provided. This passion stems from the fact that our ongoing commitment to our four core values of Traditional, Academic, Disciplined and Diverse enriches our students' lives each day.

These four core values underpin both the current exceptional learning environment that students enjoy, but also the future direction of the school. I believe fundamentally that, whilst innovating for the future, we must respect the diversity and traditions of the school and ensure we are continually embedding self-discipline and academic improvement as our key drivers. Through these actions we create a sense of belonging for our students to enable them to develop, flourish and achieve in their individual talents and preparing them for a successful future.

It is my privilege to be Principal of this wonderful school. I am fortunate to be able to lead a highly committed and talented team of teachers and support personnel who work collaboratively to inspire our students to be the next life-long learners and leaders shaping the future of our nation and the world. Our consistently high expectations, combined with personalised attention, has led to outstanding success over many decades at Kedron.

We are proud to be able to share our school with you. The Kedron family looks forward to welcoming you to be a part of something very special.

Kind Regards

Mr Shane Kiss – Principal

11.7. Lost property

Check with Main office student counter and Year level coordinators.

11.8. Toilet access during class time

Ask your class teacher who will direct you to the sector office to get a toilet pass.

12. Accommodation and welfare

12.1. Care arrangements

While studying you must live with:

- a parent, legal custodian or Department of Home Affairs (DHA) approved guardian; or
- an approved homestay provider, if you are enrolled in high school, even if you turn 18 before completing your course.

You must not change these arrangements unless we give you written approval.

You must report any serious or urgent threat to your welfare to us immediately.

If you live with a DHA approved guardian, we will communicate with that guardian on all matters to do with your enrolment and schooling (including welfare matters) as if the guardian is your parent. You can read more about EQI's Welfare and accommodation in the following documents:

- [Standard terms and conditions](#)
- [Accommodation and welfare](#)

12.2. Living with a homestay family

Your homestay family plays an important part in your time in Australia. They have been carefully selected and will be eager to welcome you into their home. It may take some time for both yourself and your homestay family to settle in, so please take the time to develop this relationship as it will play a very important part in your happiness and success.

It is important to establish clear expectations from the beginning. If you are unsure about how things are done or what to do, make sure you ask. Your homestay family is there to give you the opportunity to learn about Australian culture and assist you in any way that they can.

Following are some suggestions on what to ask your homestay family.

- What would you like me to call you?
- What do you expect me to do daily?
- Where do I put my clothes that need washing?
- Can I use the washing machine or iron at any time?
- Can I help myself to food and drink at any time?
- Can I move my bedroom furniture around if I wish?
- Is there a special getting up time on weekends?
- Is there a bedtime?
- Can I invite friends around?
- What are the rules for using the telephone?
- What are the rules for using the internet?
- What time am I expected home on the weekends?
- Can I use household appliances when I wish?
- When and how loud can I play music?
- Are there any general rules or expectations in the household that I should know?

The way of life in Australia may be different from how you live in your country. Expectations and the degree of independence may differ and your homestay family will try to understand these differences. You also need to try and understand the differences so that you all have a good homestay experience. If you feel you are being asked to do too much or that rules are unreasonable in your homestay, talk to the International Student Coordinator/Homestay coordinator, who will discuss your concerns with the family.

When living in a homestay you must:

- respect members of the family, their property and the home environment;
- participate actively as a member of the household;
- take responsibility for your own behaviour;
- comply with the household rules;
- comply with the homestay provider's decisions about your actions and welfare, including outings and curfews;

- have a mobile telephone and carry it on your person when traveling; and
- keep the homestay provider informed of your whereabouts, and remain contactable by them, at all times.

If you fail to meet these standards, we may consider your conduct to be unsatisfactory behaviour and may cancel or suspend your enrolment, or we may withdraw approval of your welfare arrangements. This may affect your student visa.

If you want to live with a different homestay provider, you should talk to the Homestay Coordinator and the school Guidance Officer. We will not approve new homestay arrangements within the first four weeks of your stay unless there are exceptional circumstances.

If we are required to move you to a different homestay, we will generally give you at least two weeks' written notice. In exceptional circumstances (for example, if we are concerned about your safety), we may move you immediately.

If your homestay provider is temporarily unable to provide homestay for you, we will arrange for you to be temporarily placed with another homestay provider.

12.3. Curfews

You are required to comply with curfew times set by the school while living in your homestay.

Unless a personal curfew is put in place due to specific circumstances – below are the guidelines.

| | Sunday-Thursday: | Friday/Saturday night (and school holidays): |
|------------------------------------|--|---|
| Junior High School (Years 7 to 10) | no later than 6:00pm, unless for a school-approved extra-curricular activity | no later than 9:30pm, unless for a school-approved extra-curricular activity |
| Senior High School (Years 11 & 12) | no later than 7:00pm, unless for a school-approved extra-curricular activity | no later than 10:30pm, unless for a school-approved extra-curricular activity |

If you or your homestay family require approval for adjustments or additional information on implementing these curfews, please contact International Student Coordinator 3630 3336.

13. Culture shock

Culture shock refers to the emotional and psychological reactions to an unfamiliar culture and environment.

For international students, culture shock is often uncomfortable and disorienting. Although culture shock can be positive in some ways, it's important for students to understand what culture shock is, what causes it, and how to manage its effects.

Some of the signs of culture shock may include:

- feeling isolated
- increasing frustration with your host country, the school and host family

- irregular sleep patterns
- spending a lot of time alone in your room
- you are easily upset and can't concentrate at school.

13.1. Culture shock

Culture shock can be described as consisting of at least one of four distinct periods: [Honeymoon period](#), [Frustration/Distress period](#), [Adjusting period](#), and [Acceptance/Autonomy period](#).

13.1.1. Honeymoon period

The first stage of culture shock is usually positive. During the honeymoon period the differences between the old and new culture are seen in a romantic light. For example, in moving to Australia to study, you might love the new food, the pace of life, and the locals' habits. During the first few weeks most students are fascinated by the new culture.

13.1.2. Frustration/Distress period

After some time (usually around three months, depending on the individual), differences between the old and new culture become apparent and you may feel uneasy. Excitement may eventually give way to unpleasant feelings of frustration as a person continues to experience unfavorable events that may feel strange. Language barriers, traffic safety and food differences may heighten the sense of disconnection from the surroundings.

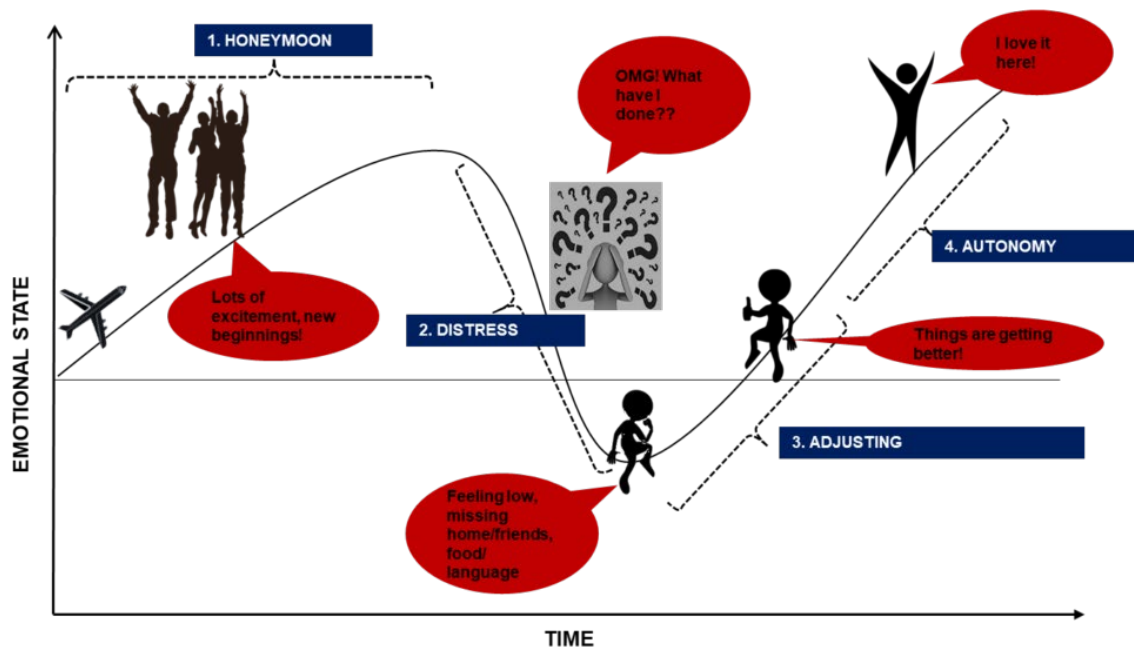

During this period students adjusting to a new culture may feel lonely and homesick because they are not yet used to the new environment and new people they are meeting.

13.1.3. Adjusting period

After some time (usually 6 to 12 months), a person grows accustomed to the new culture and develops routines. During this period a person knows what to expect in most situations and the host country no longer feels very new. You will also develop problem-solving skills for dealing with the culture and begin to accept the culture's ways with a positive attitude. The culture begins to make sense, and negative reactions and responses to the culture are reduced.

13.1.4. Acceptance/Autonomy period

Individuals in the acceptance period are able to participate fully and comfortably in the host culture. Mastery does not mean total conversion; you may keep many traits from your earlier culture, such as accents and languages.

If you think you are feeling culture shock, here are some things that you can do:

- be patient with yourself as culture shock is a normal reaction to a changed environment
- talk about how you are feeling with your host family, friends or a member of the international team
- keep in contact with your loved ones back home
- socialise and make new friends.

13.2. Expressing emotions

Australians tend to express their emotions openly and are not usually embarrassed about showing others that they are happy, sad, etc.

Many Australians find it quite acceptable to openly disagree with another person's opinion, as long as this is done in a non-aggressive and reasonable manner. In most cases, it is also considered acceptable to discuss personal problems with other people, especially friends, family and trained professionals (i.e. guidance officers in schools).

It is normal to feel nervous when you first meet your homestay family. You will begin to feel happier when you get to know the family better. Talking to your homestay family about any worries or questions you have when you first arrive will help you adjust to living in a new country.

13.3. Manners

Manners are very important in Australian culture, and parents encourage their children to say "please" and "thank you" when they ask for something. They also encourage them to apologise (say "I am sorry") when they have done something wrong, or have upset someone. When asking for something, please remember to say, "Can I *please* have ..." and say "thank you" when you receive it.

It is important to remember the following:

- Culture shock is a perfectly normal part of the study abroad experience.

- It is important to remember that it will pass.
- Use the experience as an important learning opportunity, helping you to become versatile and adaptable to change. It will equip you with valuable life skills that are some of the greatest benefits of studying abroad.
- Step outside of your comfort zone, make new friends, and take full advantage of the once-in-a-lifetime experiences while you can.
- Once your study abroad experience is over, your family and friends will be ready and waiting to hear all about your adventures.

The international team are here to support you so that you meet your academic goals and have a wonderful study and homestay experience while at Kedron State High School.

14. Contact details

You must let your school know your residential address in Australia within seven days of arriving in Australia. You must also tell the school of any changes of residential address within seven days. Failure to do this may affect your student visa.

We also need your current telephone number and email contact details, as well as the contact details of your parent/s/legal custodians and emergency contact person/s. Any changes need to be given to us within seven days.

16.1. Attendance

Kedron State High School's attendance policy [school attendance policy](#) aims to ensure students are actively engaged in school and attend every day to ensure optimal individual outcomes and student engagement. We have high expectations of student attendance. Once you have enrolled at Kedron State High School it is your responsibility to ensure that you are at school every day and that you arrive on time, ready to start class at 8.45 am form class.

You are expected to maintain 100% attendance unless you are sick. You should always tell the school if you cannot attend for all or part of the day.

In the event that you are going to be absent from school, ask your homestay parent to notify the school on the day of the absence via the absentee line 3630 3333 stating your name and class, the name of the person reporting the absence, the reason for the absence and the expected return date.

The school will record your attendance or absence every day. All absences are recorded on your school report. Electronic rolls will be marked every period. An SMS message will be sent to your homestay parents/carers of an unexplained full day absence.

Satisfactory attendance is a [student visa condition](#) for overseas students enrolled in an EQI course, studying on a subclass 500 (schools) visa for the duration of your study. Commonwealth law requires EQI to be proactive in notifying and counselling students who are at risk of failing to meet these attendance requirements. EQI is required by law to report international students who have breached attendance requirements.

Important information about attendance

Your International Student Coordinator will require you to meet with them about your attendance record and provide evidence explaining your absences (such as medical certificates), if requested.

If your attendance falls to 90% - 85% of your course contact hours in any semester, we will give you and your parents/legal custodians and your DHA approved guardian an *Attendance risk notification letter*.

16.1.2. Unsatisfactory attendance

If you do not attend at least 80% of your course contact hours, EQI will notify you in writing of their intention to report you to authorities for not maintaining satisfactory attendance. EQI may exercise discretion not to report you if:

- you provide evidence of compassionate or compelling circumstances explaining your absences;

- EQI are satisfied that, in all the circumstances, it is reasonable not to report you;
- your attendance record remains above 70% and there are compassionate or compelling circumstances (if your attendance falls below 70%, EQI is required to report you to authorities and your student visa may be impacted).

If you receive a notice of EQI's intention to report you to authorities, you have the rights set out under the *Appeals Policy* section of the [ISP standard terms and conditions](#).

Where there is an adjustment to course length you must contact the Department of Home Affairs to seek advice about any potential impacts on your visa, including the need to obtain a new visa.

16.2.1. Unsatisfactory course progress

Kedron State High School will monitor your workload and your results to ensure you complete the course on time and to assist you if you are having difficulties. The school will implement suitable intervention strategies to identify if you are at risk of not meeting course progress requirements and to notify and assist you in sufficient time for you to achieve satisfactory course progress.

16.2.2. Formal intervention

If you are not making satisfactory course progress, the school Principal will give you and your parents or legal custodians a *Course progress at risk notification letter*. You will be required to meet with the Principal to develop a plan to improve your performance.

34. School Leadership Opportunities

Each year level has opportunities to be leaders, in Year 12 Prefects are appointed as well as School Captains. There is a student council, Interact and many groups that can also provide leadership opportunities.

35. Australian families

In Australia there is no typical family and families differ widely from each other in many ways. This is in part due to Australia being a *multicultural* society i.e. many cultures from all over the world choose to settle in Australia.

Australian families *usually* have a mother and a father, children and pets. It is also common to find *single parent* families with either the mother or father responsible for keeping the home and caring for children.

It is expected in most Australian homes that people living in the home help with household tasks. These tasks may include helping with food preparation and cleaning up, keeping their own bedroom clean, washing and ironing their own clothes.

35.1. Australian teenagers

Australian parents expect to be told where their teenagers are going, who they are going with, what they will be doing and the time they will be done. Homestay parents expect the same courtesy from their overseas student. It is extremely important that you let your homestay parents know your plans. This will avoid a lot of worry.

It is also polite to tell homestay parents in advance if you will not be home for dinner. Most parents set a time by which their children must return home, and also usually set a time for going to sleep. Some overseas students find this difficult because they usually stay up very late. Australians generally get up early in the mornings. Australian teenagers participate in a wide range of activities including, parties, using the computer, visiting friends and shopping.

35.2. Mealtimes

Breakfast

You may be expected to make your own breakfast with food provided by the homestay family. In Australia, the typical breakfast can include;

- **Cereal** (a carbohydrate consisting of grains such as wheat, oats or corn) served with milk
- **Toast** (sliced bread that is heated in an electrical appliance called a toaster) with toppings such as peanut butter spread, Vegemite or cheese
- **Eggs** that are cooked and served with toast

Ask your homestay family what food is available for breakfast and ask them to show you how to prepare it. Let your homestay know if there are certain foods that you like or dislike so that they know what to buy when shopping. Please wake up early enough to allow yourself time to prepare a nutritious breakfast before leaving for school, and remember to clean up afterwards.

Lunch

It is most likely that you will be required to make and pack your own school lunch using food provided by the homestay. In Australia, it is common for lunches to consist of sandwiches (two slices of bread with fillings such as spreads, cooked meats or salads), something sweet like biscuits or cake, a piece of fruit and a cold drink. Sometimes families give students leftover food from dinner and it can be heated up using the microwave at school. Talk to your homestay family about the choice of foods available for lunches, and if you have any problems, please see your Homestay Coordinator at school.

Dinner

Dinner time varies depending on the age of the children living in the home and the hours the parent/s work until, but generally dinner is served anywhere between 5.30pm and 7.30pm. Food that is served for dinner varies greatly, however dinner usually consists of a kind of meat (such as chicken, fish, beef, lamb or pork), a variety of vegetables (potato, beans, peas, broccoli, carrots) and a serve of a carbohydrate (rice, pasta, potato, couscous or bread).

Food is usually served on an individual plate, rather than shared dishes in the centre of the table. People eat off their own plate. Generally, all members of the family sit to eat the meal together and talk about the day's events. It is important to participate in table conversation as this is an excellent chance for you to improve your conversational English and get to know your homestay family better.

Expected table manners

Do:

- Wait until everyone is seated before eating
- Eat with your mouth closed
- Make a positive comment on the meal.

Don't:

- Talk with your mouth full
- Eat noisily – Try not to slurp your food
- Leave the table without asking, or thanking the cook.

Food customs vary greatly between cultures, so ask your homestay parent if you are unsure about what is expected at the dinner table. Eating dinner with your family should be an enjoyable experience. Remember, it is okay to ask for more food if you are still hungry.

36. Socialising with friends

Hopefully you will make many friends while you are in Australia, and want to go out with them on the weekends. Please be considerate of your host family and always ask for permission, let them know where you are and when you will be home. As a general rule, socialising should be limited to weekends, as week nights are for study and to spend with your host family. If friends ask you to stay over, discuss this with your host family. They may also allow you to have friends to stay, but remember not to inconvenience your host family by always having your friends in the house. Please ask your homestay parent before inviting friends over to your homestay.

Please remember to complete a travel form for overnight travel.

37. Communication

If you do not speak English well, you can still communicate by using the following;

- Use Google Translate or an electronic dictionary
- Draw a picture of what you want to say
- Use hand gestures or mime
- Ask another student to interpret for you.

Spend some time each day with your homestay family. You can do this by watching a TV show with them, helping with dinner preparation, asking questions about Australia or talking about your home country. Don't spend all of the time in your bedroom on the computer or phone. It is very important to make the effort to get to know your family and build a friendship with them. If you have difficulty communicating with your family, please see the Homestay Coordinator for some advice and guidance.

38. Digital Safety and Cyberbullying

In today's connected world, it's essential to be aware of the potential risks that come with using the internet. As an international student, you may encounter unfamiliar online platforms, and understanding how to protect yourself online is vital. Always be cautious when sharing personal information online—avoid sharing your address, phone number, or financial details on public forums or with people you do not know. Be mindful of online scams and phishing attempts, where fake websites or emails may try to steal your personal data. It's also important to use strong passwords and enable two-factor authentication where possible. Additionally, cyberbullying—any form of bullying or harassment that happens online—is taken seriously at our school. If you experience or witness cyberbullying, report it to a teacher or counsellor immediately. By staying informed and vigilant, you can help protect yourself and others in the digital world.

39. Road safety

Australian roads can be quite busy during peak time (mornings and afternoons). It is important to take care when crossing roads, and always cross at intersections with traffic lights and/or pedestrian crossing zones. In Australia we drive on the left-hand side of the road and as such, you will need to **look right, look left, and then look right again before crossing.**
