

STRATEGIC PLAN 2020 - 2023

Looking Back - Our Proud History

- Kedron State High School is located on approximately 12 hectares of land bordering the Kedron Brook and opened in 1956.
- The school is located within the traditional lands of the Turrbul People.
- The site was used as racetrack from the 1880's until the school was established.
- The 20,000 plus students who have attended Kedron reflect both the changing demographics of the Queensland population and the educational aspirations of those families who have chosen to send their children to our school.
- There has always been a multicultural mix in the school, and it is this diversity that has been the cornerstone of a school culture that is inclusive and welcoming.
- Kedron SHS has a proud tradition of working closely with families to provide the learning environment and values that shape future learners and leaders.

Our Guiding Principles - The Kedron Way

TRADITIONAL

- Sustain the culture and maintain the high expectations that enhance the excellent reputation of our school.
- Celebrate the traditions that continue to make our school strong, while innovating to meet the needs of the 21st Century learners and leaders.

DISCIPLINED

- Maintain a clear focus on self-discipline, commitment to learning, and striving to be one's best each day.
- Prioritise, teach and model respect, resilience and compassion to shape the learners and leaders of the future.

ACADEMIC

- Maintain academic progress and excellence through expert teaching.
- Know our students academically and personally to support high impact strategies for success of all students.

DIVERSE

- Promote and celebrate inclusivity within our strong and unique multi-cultural school community.
- Provide ongoing opportunities for creativity, collaboration and innovation to support our lifelong learners and change-makers.

Explicit Priorities

Expert Teaching

Differentiated and inclusive teaching and learning to engage all learners.

Tracking Students for Success

Established system of student tracking leading to personal and academic growth whilst sustaining and nurturing wellbeing.

Quality Pathways to a Successful Future

High quality futures oriented pathways for all students.

Staff Professional and Personal Wellbeing

A strong, supported, united and healthy staff achieving their personal and professional goals.

Four Year Vision
